

Our Team's Newsletter

Team Life-Skills

Reading

We are reading various stories! These books are all student self-paced.

Students will answer comprehension questions and learn about the basic mechanics of a book.

Students are also working on their individual sight word programs.

Social Studies

We will begin our Vocational unit of Study in C.R.I. –TeachTown. Social skills topics are: Listen when the teacher talks, time for school, sit when the teacher says, raising your hand, and waiting to speak. The Intermediate group will receive instruction on Environmental Print. Students will learn about signs in the community and be assessed on the signs and comprehension questions.

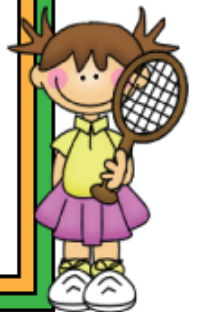

Math/Science

Math- Students will begin the year with taking Equals and Touch Math assessments as well as work on Numerical Representations & Relationships!

Science- Primary students will begin the year learning about Earth and Space. Intermediate students will begin the year learning about: How plants grow!

Cooking Lab will be on Fridays!

Reminders

September 3rd- Labor Day
(No school)

September 11th- Open House
